Swiftwater, PA 18370

United States Patent Office
Washington, D.C.

December 30, 1998

Reference:

Patent Application Number: 08/807,567

Applicant: Petrocy et. al.

Examiner: Remesh Patel

Title: Self Addressing Control Units or Parallel Computers for
Controlling Signs, Robotics, Prosthetics or Networking Systems.

To whom it may concern,

I, Joseph E. Sidoti was not a co-inventor of the above mentioned
patent application, number 08/807,567

However, I am a co-inventor of another patent applied for on the
same date, that application being:

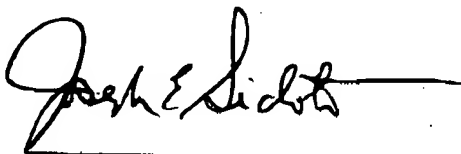

Application Number: 277302

Applicants: Richard J. Petrocy and Joseph E. Sidoti

Title: Modular Sign Box with Frame

At the time that these applications were being filled out, our
attorney inadvertently placed my name on both applications
instead of just one.

Yours truly,

Joseph E. Sidoti
